

Ortsdatenbank

Zum Lieferumfang von QuoVadis gehört eine [ODB] mit rund 5 Millionen Einträgen. Sie können sie von der [Downloadseite des QuoVadis-Shops](#) herunterladen oder von Ihrer DVD installieren.

The screenshot shows the QV Xplorer software interface. The left pane displays a tree view of the data structure, including folders for 'QV-Data', 'Enduroclub', 'sa@localhost:15432', 'tom1@localhost:15432', 'ODB', 'Deutschland', 'NewZealand', and 'System'. The main pane shows a table of location data with columns for Name, Breitengrad, Längengrad, Code, and Land. The table lists several locations in Southland, New Zealand, such as Five Fingers Peninsula, Five Fingers Point, Dusky Sound, Shag River, Woodhen Cove, Goose Cove, Whidbey Point, Comorant Cove, Facile Harbour, and Pineon Island. Below the table, there is a filter section with checkboxes for 'aktuellen Kartenausschnitt', 'Name', 'Land', and 'Code', and a 'Suchen' button. The 'Name' filter is set to 'Startwith' and the 'Land' filter is set to 'Southland'. The 'Code' filter is set to 'PEN'. The 'Unvollständige Datensätze verstecken' checkbox is checked. The status bar at the bottom indicates 'WGS 84', 'ODB\NewZealand\Newzealand: 54.955 Objekt(e)', and '1 markiert'.
