

User interface

QVX is divided into five windows highlighted in orange and five control areas highlighted in green:

- (1) [Xplorer window](#) for data management
- (2) [Map window](#)
- (3) [Planning window](#) for planning routes, printing maps
- (4) [Search window](#)
- (5) [Project Manager window](#) (PM for short)

- (A) Main menu with the toolbar
- (B) Option buttons to switch Xplorer and Map windows
- (C) Status line
- (D) Option buttons to select a planning mode
- (E) Option buttons for Search and Project Manager windows

All windows can be switched on and off at any time using option buttons, to have the best overview for the current task. The size of any window can be adjusted as well.
